## Firm Profile

**When choosing a law firm some people feel bigger is better . . . we disagree.**

Robins Appleby & Taub LLP is uniquely positioned to provide sophisticated legal counsel in a setting that provides quick response and close client relationships. Clients will enjoy attentive service while maintaining access to the depth of experience needed for their legal needs no matter how complex. Clients that have outgrown their law firm as their businesses have expanded will continue to receive personal attention with our firm.

For over 60 years, we have provided, from our downtown location, practical legal advice to entrepreneurs, businesses, financial institutions and foreign companies conducting business in Canada. Our personalized approach guarantees responsive service and—most importantly—builds the committed relationship you expect from a trusted advisor.

**What our clients say about our people:**

**They become part of our management team** – They understand our business needs by assessing the situation and tailoring strategies to our unique requirements. Because they understand our business on all levels, they adapt to our needs and culture.

**They are deal makers, not deal breakers** – As highly experienced lawyers, they see all sides of an issue. By anticipating how the other parties will act, they can chart a plan of action to get the deal done.

**They represent us with strength** – Resolving disputes requires outstanding legal knowledge, strong interpersonal skills and a good understanding of business realities. They possess all these skills and achieve the best possible results for their clients in the boardroom and the courtroom.

We provide the full range of legal services including Corporate/Commercial; Estate & Succession Planning; Litigation; Real Estate; and Tax. International legal services are provided through our membership in the Legal Netlink Alliance.
