BARRISTERS/SOLICITORS

LITIGATION

Our litigation lawyers are forceful, highly skilled advocates, with extensive experience in complex litigation at the trial and appellate levels. Our approach is very strategic. We select the most appropriate proceeding and forum to effectively advance our clients' interests, which may be any of the Commercial List, Superior Court, arbitration or mediation. We also recognize when to compromise or settle to get the best result.

We always start by listening to your objectives. Understanding your goals from the outset means that we can:

- assess the strength of your case to reduce the risk of unforeseen problems down the road
- develop the most suitable strategy to guide your case towards your goal
- build a solid team, drawing on expertise from our tax, real estate and corporate/commercial groups as needed
