BARRISTERS/SOLICITORS

CORPORATE

Business owners face constant challenges. As business advisors, we assist business owners in developing and achieving their objectives in an often complex environment by providing creative and practical solutions. We help our clients by:

- handling transactions
- negotiating strategic partnerships and alliances
- resolving disputes
- dealing with day-to-day business issues
- evaluating and managing risk in a careful and sensible manner
- assisting with decision-making
- providing practical advice you can understand
- remaining accessible to you and responsive to your needs

With our depth of experience and knowledge, our lawyers handle the most sophisticated of matters comprehensively and skillfully. Clients rely on our expertise at every stage of the business cycle:

- **Conception** — We help turn your ideas and plans into reality
- **Growth** — We recommend and implement the best options to achieve your growth objectives, whether by acquisition, merger, strategic alliance, financing or other arrangements
- **Operations** — We help keep your business running smoothly, advising on day-to-day operational issues, crisis management and dispute resolution
- **Divestiture** — We help you sell your business on reasonable terms and manage associated risks and processes with your employees, landlord, bank and others
- **Succession Planning** — We help you plan and implement the successful transfer of your business to the next generation, promoting communication and resolution among family members and all other stakeholders
